(Villains)

On the evil side, Prime Evil is the leader of the spirit world. His goal is to overrun the mortal universe and turn it into a poltergeist playground with the help of his band of baddies.

Prime Evil

the leader of the spirit world who is obsessed with the idea of controlling the mortal universe. He has every evil power imaginable.

Haunter

is a classic aristocratic English hunter. His evil magic crossbow affixed to his back is used to turn people mean.

Scared Stiff

is a high tech computer ghost from the future and has a problem with falling apart.

Fib Face

a spirit with two faces who is incapable of telling the truth. The way to stop his evil magic is to start his faces arguing.

Fangster

the futuristic werewolf who is decked out in space-age looking garb and a weapon belt.

Mysteria

a wicked spirit who is extremely vain, a trait the Ghostbusters sometimes use to defeat her.

Ghost Buggy™

No. 60776

This is no ordinary car...

This rundown jalopy takes the Ghostbusters where the work is...it even goes forward or backward through time. This vehicle has adjustable wheels for tight passages in the spirit world. Pull out the wings and add the jet nose and you're ready for take off. Put on the sub-

nose and flatten the wheels to pretend you're in a submarine. There is also a trunk for holding the Ghostbusting equipment and vehicle attachments.
