

DARKSEID DESTROYER™ VEHICLE IT'S EVIL IN THE AIR!

Now *DARKSEID* has his own flagship. He pilots from the command post while his two henchmen man the cannons from the side pods. Wings can be raised—they fly into battle. The side pods detach—now it's 3 against one. And if that weren't deadly enough, there's Omega Beam light and power action sound with the press of a trigger. Still more. The *DARKSEID* module can be removed and attached to the side pods to form the terrifying *TRICEPTOR* vehicle. *SUPER POWERS* heroes watch out. Requires 2 "C" batteries, not included. Holds most action figures. *DARKSEID* and other action figures each sold separately. Ages 4 and up.

KALIBAK and DESAAD man the battle stations!

DARKSEID pilots the flight from his removable command post!

DARKSEID's henchmen detach from the main vehicle... and join their leader to form the *TRICEPTOR* vehicle.
