#### #3515 THUNDERCATS™ MUTANT ACTION FIGURE ASST

Four of the leading mutants, each dramatically different in style. All with Battle-matic arms that move at the push of a secret lever, plus weapons/accessories. The leader, Mumm-Ra, also features fiery-red eyes (requiring 1 "AAA" battery, not included) which light up with a spider ring. Assortment contains:

MUMM-RA—His evil magical powers and control over the Mutant armies make him the most feared enemy of the Thundercats.

S-S-SLITHE—The leader of the Mutants in Mumm-Ra's absence. S-S-Slithe leads an army of reptilians into battle with his Battle-Ax.

MONKIAN—This Mutant is half human and half ape and attacks swinging his spiked flail.

JAKALMAN—A fearsome evil Mutant who is part human and part jackal and fights with a crude club.

#### #3530 THUNDERCATS™ MUTANT TRANSPORTER ASSORTMENT

Two evil vehicles from the T.V. show, each scaled to fit one action figure. "SkyCutter" air and ground vehicle has fold-down landing gear and trigger button that makes wings flap. "Nose Diver" amphibian vehicle can float on water or move across land, breaking through almost anything with its moving drill-shaped nose cone.
