

WHEELJACKSLAB.COM

controls, the cat's head, with Lion-O inside, pivots up and down and turns 180° shooting laser beams from its mouth at the Mutant attack vehicle (included). When the attack vehicle receives enough direct hits, it is destroyed with the Mutant figure being thrown from the vehicle. The Mutant attack vehicle can fire light beams

back at the Lair, causing the Lair's entrance door to be blown open. The Cat's Lair also features a trap floor and underground prison cell and cat's claws that open revealing weapons and room for additional figures. Pack 4.
