Video Art™ Deluxe System

The electronic video drawing system that lets you create your own drawings on the screen. To draw the Video Art way, just move the joy stick as if you are drawing, press the button, and the image appears on the screen in front of you. With 16 vivid line and background colors, you can create spectacular effects. With a VCR you can keep a record of your creative process, or just the final results. Quick hook up to T.V. and easy to use controls.

Video Art turns viewers into doers! Pack 3.
