

6049 Figure included.

TORPEDO rides underneath the S.H.A.R.C. on a reconnaissance mission.

Pump bellows: DEEP SIX submerges and surfaces.

NEW
6049 Flying Submarine (S.H.A.R.C.)

G.I. Joe's Submersible High-speed Attack and Reconnaissance Craft roams the deep sea for strategic positioning. Even the most sophisticated COBRA sonar equipment can't detect it! Its action lever moves the twin cannons into firing position. DEEP SIX launches the torpedoes for a sophisticated defense... then the S.H.A.R.C. flies away! Includes bellows and G.I. Joe® diver DEEP SIX.

9 x 3³/₈ x 11"
WT.: 18 lbs.
