

6020 G.I. Joe® Headquarters Command Center

G.I. Joe Headquarters has everything to battle the evil COBRA forces! Its sturdy walls support movable surveillance cameras, search lights, machine guns, and a "Double Devastation" cannon that pivots in all directions. Inside is a complete service bay with a garage and a ramp with a movable lift. The communications network includes radar dish, antenna, and a command console with rotating seats. G.I. Joe aircraft can safely land on the separate landing pad. There's even a stockade to imprison captured COBRA enemies. Also includes weapons armory, a space for file cards and an official G.I. Joe flag.
