

The Transformers® Autobot Scientist

5786

Cool, brilliant and exacting, Perceptor uses the latest scientific approaches to search out all forms of Decepticons no matter what earthly disguises they may use. Twist the focus dial and he'll enlarge objects just like a real microscope. Magnifies 14 times. Swing down the sides, pull out the stand, crank up the head and he transforms into a multi-functional robot. With just a few more moves, he transforms into a rolling laboratory!

Autobot Scientist includes attachable weapons, character bio, Tech Specs chart and decoder. Proof of authenticity can be determined by rubbing the special liquid crystal logo.
