

The Transformers® Decepticon Plane Assortment

5785

Three new planes fly in low and fast as reinforcements to the Decepticon air forces. They swoop in, then change into evil creatures for attack. Pull back the wings, drop the wheels, open the body to transform them into powerful robots!

Assortment includes three each of the new styles and one each of the continuing styles. A secret liquid crystal logo provides proof that each is a "true" Transformer! Each is packaged with attachable weapons, bio card, Tech Specs chart and decoder.
