Preparing for crossing...

An easy escape!

G.I. Joe® Bridgelayer

6023

Over a ravine or a raging river, G.I. Joe comes to the rescue! Fold out the bridge so any vehicle can "drive" across it—then fold it back over the mighty fighting tank for quick escapes. Lifting unit swivels and 105mm "RAP" cannons rotate for realistic play. Bridge can be lifted from either end. Super-realistic tank rolls on land. Carries up to two figures. Includes G.I. Joe driver TOLLBOOTH.

3 1/2 x 3 1/2 x 10" CU.: 2.5
