

Magically, the holographic image of Merklyn begins to appear.

Merklyn's ghostly 3-dimensional image hovers within the Holodrome.

With treacherous slide-action detour caves!

The hidden trapdoor conceals a secret hideaway!

7860 The Holodrome Iron Mountain Playset

Ages: 5 and up

PK: 1

Enter the Holodrome, if you dare! Steeped in the legends of olde, it's the magical mountain where Merklyn and the Mages of the Mist reside. Together, the Visionaries™ valiantly struggle to reach the top of Iron Mountain and witness Merklyn's ghostly apparition.

- Holographic dome, built into the mountain top, reveals the moving, three-dimensional, ghostly image of Merklyn. Kids can actually put their hands *through* the image!
- Built-in, synthesized microphone lets kids be the voice of Merklyn, the Holodrome wizard.

- The path to the top of Iron Mountain is filled with treacherous pitfalls and obstacles — features 2 trap doors, hidden mountain caves, slide-action detour caves, a falling rock bridge and swing-away rock hazard.
- The Holodrome has detachable hoverpods which the Visionaries use to fight their magical battles.
- The twin mountain towers have rotating gunner stations that can each hold one figure.

Figures pictured not included, each sold separately.
