COBRA Hydrofoil (Moray)

6024

COBRA enters Joe territory and quickly engages hydrofoil to try to elude the Mobile Strike Force. This high-performance craft gains dramatic speed while lifting high above the water. Push-button activates hidden missile rack and deflector shields. The enemy releases operating depth charges as Joe closes in from behind. Four M-16's swivel 360° turret and machine gun rotate and latches open. Includes working hydrofoil, removable missiles and torpedoes, two side-mounted cannons and highly detailed engine. Can carry up to nine figures. Includes COBRA pilot.
