# G.I. Joe® Headquarters

6020

Central intelligence reports COBRA activity 20 minutes from headquarters! "Dispatch units immediately—Over." The Command Center battles the evil forces and keeps the Joe Team on track. Its sturdy walls support movable surveillance cameras, search lights, machine guns, and a "Double Devastation" cannon that pivots in all directions. The set is a complete service bay area including garage, ramp and hydraulic lift for quick vehicle repairs. The communications network includes radar dish, antenna and a command console with rotating dials. G.I. Joe Headquarters can safely imprison captured COBRA enemies. Also includes heli-pad, weapons armory, a section for file folders and an official G.I. Joe flag.
