

# Ricochet™

## VIRTUALLY UNSTOPPABLE!!!

- Features huge 5" inflatable tires that let kids rebound RICOCHET off of any obstacle!
- RICOCHET performs stunts, flips and rolls that other RCs only dream of!
- Dual high-powered MABUCHI 370 motors give RICOCHET high-performance speed for unmatched, action-packed freestyle flips, scorchin' stunts, & rockin' rolls!

Select from 2 color schemes which operate on separate frequencies, letting kids go head-to-head in stunt-filled competition!

If RICOCHET flips over, its 2-sided chassis lets it keep on going as a car or funky dune buggy—the action never stops!

### RICOCHET™ RADIO-CONTROL VEHICLE

No. 60290

Let loose the power of RICOCHET — the all-new 9.6 Volt high performance Radio Control Vehicle that's virtually unstoppable! RICOCHET *rules!* When other RCs roll over and play dead, RICOCHET keeps the action going. Check it out: Includes vehicle, transmitter and tire inflation needle. Uses 9.6V rechargeable nickel cadmium (NiCd) battery pack and 9V alkaline battery (each sold separately).

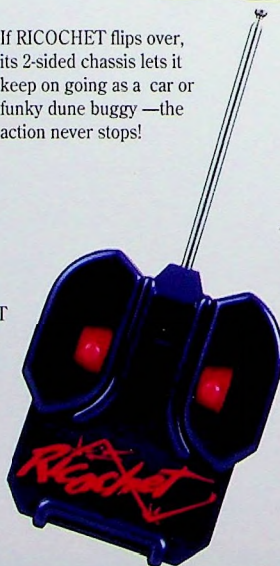

Ages 8 and up.

PK. 2

WT. 8 LBS.

CUBE 1.5 CU. FT.

## NEW

The RICOCHET transmitter with double joysticks controls dual Mabuchi 370 motors for independent or simultaneous power to rear wheels. Kids have all this performance power in the palm of their hand!

- Detachable telescoping 5-section antenna
- LED power-on and battery life indicators
- Dual joysticks for independent tire control — manipulate left joystick for left rear wheel action, right joystick for right rear wheel action, both for action-packed combinations
