ADVENTURE PACKS AND T-BOB™ VEHICLE

Each one with an articulated figure. Pretend M.A.S.K. is fighting VENOM deep in the wilderness, up in the mountains or even far at sea with four themed adventure packs: **JUNGLE CHALLENGE** with **MATT TRAKKER**, **RESCUE MISSION** with **BRUCE SATO**, **COAST PATROL** with **MATT TRAKKER** and **VENOM'S REVENGE** with **MILES MAYHEM**. Every one includes a new mask for each figure and a collection of accessory pieces like pontoon boat, rocket backpack and

grappling hook for endless play scenarios.

T-BOB with **SCOTT TRAKKER** figure (included) can join any of these M.A.S.K. adventures as **T-BOB** converts from a robot to a motorscooter when his head is pushed down. The wheels extend and **SCOTT TRAKKER** can ride on the back. The arms even rotate 360° and retract to become handlebars. And **T-BOB** can really see all the action as his head swivels 360°. Ages 4 and up.
