RV VAN BECOMES A SURVEILLANCE UNIT AND SONIC JET!

The MASK SLINGSHOT could take a couple on a camping trip across the country, but it can also protect and defend the MASK team. The body halves split to reveal a one-man sonic jet which can be removed and flown off for an auxiliary mission. If the jet runs into trouble, a front cannon and bomb that can be dropped will serve as protection. The RV itself is now a surveillance unit with rotating anti-aircraft turret, binocular/scop-

ing device and two sets of cannons. VENOM better be careful; SLINGSHOT can seat three awesome MASK figures in its action mode. SLINGSHOT comes with an articulated ACE RIKER figure, an expert on high-speed vehicles. His removable RICOCHET mask pretends to emit an electronic boomerang which can steal weapons and shock enemy agents. Ages 4 and up.
