

## Dungeons & Dragons® 13" Power Cycle™ 1827

A fantasy world of medieval castles, dungeons, and knights battling dragons comes to life with this new DUNGEONS & DRAGONS® POWER CYCLE.™ A realistic green dragon's head mounted on the front of the handlebars leads the little dragon rider into "battle." Handlebar streamers and a decal of DUNGEONS & DRAGONS® knights on the seat back add to the excitement. The adjustable 3-position seat back takes the form of green dragon wings. A clicker sound gives the dragon rider added excitement. Wide track rear wheels and nonslip pedals keep both rider and dragon on track.
