## THE DUKES OF HAZZARD\* GENERAL LEE\* PEDAL CAR

Wow — it's the GENERAL LEE! Sure enough, this pedal car looks just like the famous adventure car in THE DUKES OF HAZZARD\* TV show, only this one's sidewalk-sized! It's fully loaded with options: When the ignition key is turned, the "driver" will hear an electronic motor sound and starter; and the horn plays "Dixie," too! The sturdy polyethylene body is built to last. Both the hood and trunk flip open, not to mention the driver's door! Adjustable foot pedals grow along with the child, for season after season of pedaling adventure.
