

Infaceable[™] Crusher Cruiser[™]

The Crusher CruiserTM is more than just a vehicle! It is also an open ended play environment with compartments, control platform, and lots of action.

This king sized mobile command center features "Trigger Track Action"TM that allows you to close its crushing jaws by sqeezing the control handle. Turn the handle and the jaws rotate 90° degrees in either direction to enable you to pick up action figures or contain the enemy!

A center compartment with dual sided access provides a place for a warrior to hide and ride. Knobby balloon tires, high tech styling, free wheeling action and great packaging make Crusher CruiserTM a very hot item for 1985! Patent pending.

Turn Trigger TrackTM handle and contain the enemy!

Trigger Track ActionTM handle activates jaws!
