SIX SHOOTER™

Multi-Deployment Fighter

The SIX SHOOTER™ is a heavily armed, air-defense cruiser of STARWING™, that combines force with the element of surprise. Six front-mounted cannons spring open from the front wing section to clear the skies as SIX SHOOTER™ blasts through the galaxy, protecting Earth from the evil SHADOW FORCE™! Its center fuselage opens to reveal a POWER DEPLOY™ elevator

that raises any pod into a fighting stance.

No batteries needed. Figures sold separately.
