**Defenders of the Earth™  
5" Figures #5100**

Flash Gordon™, the Phantom™, Ming the Merciless™, Lothar™, Mandrake the Magician™, and Garax™ are all macho-sculpted 5" tall figures as seen on the DEFENDERS of the EARTH™ T.V. cartoon show.

Each features DIE-CAST POWER PUNCH™ — both fists and forearms are die-cast metal with fully articulated elbows and shoulders.

This feature gives dramatic punching power and total kid control.

Each figure includes appropriate weapons just like the cartoon characters. Each is sold with a mini-comic book to help inspire hours of fantasy fun.
