MANGLOR MOUNTAIN™ VOLCANIC LAVA PIT FORTRESS

Manglor Mountain is a volcanic lava pit environment-playset for the Manglors Action Aliens. The mountain is styled from the depths of the earth, a rocky cauldron filled with fluids from the inner earth! Press down on the gargoyle's tongue to bubble and gurgle up the Manglor, then lift up the "Iron Maiden" cage in which he's imprisoned — out of his environment and into yours! Comes complete with one Manglors Action Alien.
