

**New for Spring**

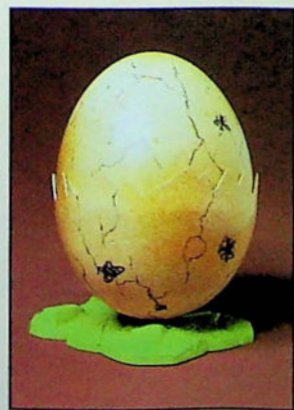

**MANGLORS™ ACTION ALIEN FIGURES IN NEW "PREHI-STORAGE" PLAY EGGS!**

Sensational MANGLORS Action Aliens are 7" sticky-icky creatures from another dimension! And now they're packed in their own unique play environment—a dinosaur-like EGG! This dramatic new packaging innovation—providing storage, portability and a playset all in one—adds play value to a proven hit concept in novelty figures. Made from the strangest stuff on earth, Manglors can withstand being rolled into a ball, they stick

to almost anything, and can even be mangled to take on different forms. Pull off their arms and legs and put them back on again! Now there are 3 new Manglors monsters—a total of six, each packed in his own Egg, complete with rocklike base and figure stand.
